About this report

This report is a DPDP readiness and assessment output based on information, responses and evidence made available during the assessment. It is not a final legal opinion, statutory certification or guarantee of compliance. Final legal interpretation, policy approval and contractual sign-off should be reviewed by authorised legal counsel.

Overdue and the windows are measured from today's date in India; a due date of today is not overdue.

An action on a gap that no longer applies is not listed as owed.
